Greetings!

It is with great pleasure that I invite you to the 27th Annual Rector's Dinner on Thursday, May 9, 2019 at our Janiculum Hill Campus.

Each year, the Rector's Dinner serves two very important purposes. First of all, the Dinner is an occasion to recognize persons who have been instrumental in the life of the College and the Catholic Church. This year, we are delighted to present the Rector's Award to some very special friends from the Houston area: His Eminence Daniel Cardinal DiNardo '76, loyal alumnus and Archbishop of Galveston-Houston; and Mr. and Mrs. George Strake, Jr., longtime benefactors of the College and the greater Church. Texas may be the "Lone Star State," but over the years, nearly 175 seminarians and student priests have come from Texas to Rome, and we are delighted to spotlight our honorees from Houston.

Secondly, the Dinner provides the opportunity to engage friends and benefactors – from Rome, the United States, and other parts of the world – in the College's vibrant community, and its unique role in the Catholic Church in North America. For those able to attend the Dinner in person, you will witness firsthand the joy and hospitality of our students. They are preparing for a life of holy service to the Church, and for this one night, you can be part of that experience! Every year, our guests are inspired by the talent, joy and warmth of our seminary community. If you cannot travel to Rome, your financial support of the Dinner via a donation or purchase of a greeting in the Rector's Album will help ensure our event generates needed funding that directly impacts the day to day living of the 200+ seminarians in our care.

However you choose to support The Pontifical North American College, be assured of my personal gratitude. Your investment in the future of the American priesthood is a noble one: the hearts of our seminarians are steadfast and they are eager to serve the Church as holy men!

I hope to see you in Rome soon!

Sincerely in the Lord,

Very Rev. Peter C. Harman, '99
Rector
