The Italian School Verbania Lake Maggiore Italy

Summer 2020

To whom it may concern

Our school has updated its offer of courses in presence with online one-to-one tuition.

◦ Due to the coronavirus lockdown measures we have started to teach from home, attending courses to improve and adapt our teaching approach so as to get ready for our students, and this is what we have been doing since March;
◦ we use platforms such as Skype, zoom and others for our classes;
◦ Classes include a mixed modality of online and offline method, with units of 45 minutes (instead of 60 minutes teaching one-to-one) ; the offline part is supervised very accurately, because the two learning parts are more interconnected than before. Each 45 minutes is followed by 15 minutes offline;
◦ we suggest 2-3 units a day, because on the basis of our experience this is the ideal length of time to teach;
◦ the cost is 32 euros per unit, the same as the cost of classes in presence. 96 euros per day will be 480 euros per week: we suggest 4 weeks, especially for absolute beginners.
◦ as usual, at the end of the course we will test the student orally, to release a certification stating the level of competence reached
◦ we traditionally offer excursions in the neighboring territory, this year we will offer virtual tours twice a week.
